

# Georgia Tech PIPELINE PROJECT Mentor

**Are you looking for an exciting and meaningful way to get volunteer hours this summer?**

Come join CEISMC at Georgia Tech and Purpose Built Schools of Atlanta to help build and execute an exciting new internship program for high school students in the Atlanta area! As a mentor, you will be partnered with a high school student, guiding them as they gain first hand internship experience.

Not only is this program an excellent opportunity to garner service hours, but mentors will also have the option to attend a valuable soft-skills workshop hosted by CEISMC along with other fun events with their mentee throughout the program.

## **Requirements:**

- Attend the mentor orientation on April 19<sup>th</sup> at 7 p.m.
- Attend an initial meeting with CEISMC at Georgia Tech, company contact, and mentee
- Plan and attend weekly in-person meetings with mentee and follow-up correspondence as needed
- Complete progress report updates for CEISMC at Georgia Tech based on mentee's progression
- Maintain a friendly and patient attitude as your relationship with your mentee grows

## **Optional Events:**

- Soft skills workshop during the week of May 29<sup>th</sup>
- Fun, exciting, relationship building events hosted by CEISMC at Georgia Tech
